

HPP Human Proteome Project

HPP Grand Challenge Seminar

19 juin 2023 - 15h-19h

Salle de Colloque n°1 Faculté ALLSH - Université d'Aix-Marseille
29, avenue Robert Schuman 13100 Aix-en-Provence

15:00-15:30 The HPP Grand Challenge (Charles Pineau, Protim, Rennes)

15:30-16:00 Annotating protein function to understand liver diseases (Fernando Corrales, CSIC, Madrid)

16:00-16:30 An experience from CALIPHO group at SIB: combining bio-informatics and experimental approaches (Lydie Lane, SIB, Genève)

16:30-17:00 *Coffee break*

17:00-17:30 Finding clues to uncharacterised protein function using publicly available data: Example of data repurposing (Marie Locart-Paulet, ProteoToul, Toulouse)

17:30-18:00 ChemBioFrance: Small molecules for health and research (Jean-Luc Galzi, ChemBioFrance)

18:00-18:30 Combining metabolomic and proteomic approaches to study KO organisms or cells (Etienne Thevenot, MetaboHub)

18:30-19:00 Flash talks and round table
